- Profit before tax from continuing operations of €437m, a €1.3bn improvement in performance compared to H1 2013 with funding and capital positions stable and improving
- Net Interest Margin excluding ELG of 1.60%, a 32bps increase from H1 2013
- Approved a total of c.€5.6bn in lending in H1 2014, a c.33% increase vs. the same period in 2013 of which c. €4.6bn was lending approvals to the Irish economy
- Total impaired loans decreased by c.€2.9bn or 10% since December 2013
- The total number of accounts in arrears in the Irish residential mortgage portfolio declined by 6% in H1 2014 with total accounts in arrears for owner occupier mortgages down 9%

#### CEO COMMENT

Commenting on the results David Duffy CEO said:

“AIB has achieved its stated aim of returning to sustainable profitability on a post provision basis in 2014 with our half year results reflecting strong improvements in margins, funding position and capital ratios. The Group has demonstrated its capacity to support economic recovery with loan approvals, including the UK, of c.€5.6bn, up 33% year on year. Our mortgage arrears and overall levels of impaired loans are reducing and our performance in the first half of the year saw a material reduction in provision charges. As the Irish economy and the bank recovers, we remain focused on growth and maximising value for the Irish State, as 99.8% shareholder, and all other stakeholders over time.”

### Forward-looking Statement

This document contains certain forward-looking statements within the meaning of Section 27A of the US Securities Act of 1933, as amended, and Section 21E of the US Securities Exchange Act of 1934, as amended, with respect to the financial condition, results of operations and business of AIB Group and certain of the plans and objectives of the Group. These forward-looking statements can be identified by the fact that they do not relate only to historical or current facts. Forward-looking statements sometimes use words such as ‘aim’, ‘anticipate’, ‘target’, ‘expect’, ‘estimate’, ‘intend’, ‘plan’, ‘goal’, ‘believe’, ‘may’, ‘could’, ‘will’, ‘seek’, ‘continue’, ‘should’, ‘assume’, or other words of similar meaning. Examples of forward-looking statements include among others, statements regarding the Group’s future financial position, income growth, loan losses, business strategy, projected costs, capital ratios, estimates of capital expenditures, and plans and objectives for future operations. Because such statements are inherently subject to risks and uncertainties, actual results may differ materially from those expressed or implied by such forward-looking information. By their nature, forward-looking statements involve risk and uncertainty because they relate to events and depend on circumstances that will occur in the future. There are a number of factors that could cause actual results and developments to differ materially from those expressed or implied by these forward-looking statements. These are discussed in more detail in AIB’s Annual Financial Report 2013 which has been filed on Form 20-F with the US Securities and Exchange Commission. In addition to matters relating to the Group’s business, future performance will be impacted by Irish, UK and wider European and global economic and financial market considerations. Any forward-looking statements made by or on behalf of the Group speak only as of the date they are made. The Group cautions that the foregoing list of important factors is not exhaustive. Investors and others should carefully consider the foregoing factors and other uncertainties and events when making an investment decision based on any forward-looking statement.
